

Curriculum Vitae

September 2014

Prof. Dr. med. Albrecht Jahn

PhD in Public Health (Habilitation)
MD, Specialist in Obstetrics and Gynaecology
MSc. in Community Health and Health Management
MSc. Biology (Dipl. Biol.)

**Institute of Public Health
University of Heidelberg**
Im Neuenheimer Feld 324
69120 Heidelberg, Germany

Tel. +49-6221-564886
Albrecht.Jahn@urz.uni-heidelberg.de

Education:

- 1984 Medical Doctorate in Tropical Medicine with a thesis on visceral Leishmaniasis
Examination of the Educational Commission for Foreign Medical Graduates (US)
- 1973-1980 Medical Studies, University of Heidelberg, Germany
- 1972-1978 Studies in Biology (zoology, microbiology, biochemistry) University of Heidelberg;
MSc thesis (Diplomarbeit) on tissue cultures of the chamomile (mark: excellent)

Post-Doctoral Training:

- 1995-2001 Habilitation in Public Health, University of Heidelberg
- 1991-1992 MSc. in Community Health and Health Management,
University of Heidelberg and Aga Khan University Karachi;
MSc thesis on child care in a squatter area of Karachi, Pakistan
- 1988-1992 Specialisation in Obstetrics and Gynaecology

Academic and professional appointments:

- Since Sept 2010 **Professor at the Institute of Public Health,
University of Heidelberg, Germany**
Head of the research group "Global Health Policies and Systems"
**Co-PI of the EU-funded Go4Health Project on the analysis of the
Millennium Development Goals and the post 2015 agenda**
- Research areas: global health policies, maternal and perinatal health, reproductive health, health systems, access to medicines, disease control
- Sept 2004-2010 **Scientific Officer for Health Research at the European Commission,
Directorate General for Research**
- Directorate for International Cooperation (2004-2007) and Health Directorate (since 2007-2010). Main tasks included:
- Assessing research needs and priorities in the field of international health and public health
 - Dialoguing and networking with the scientific community and other stakeholders such as policy makers, international organisations, agencies and NGOs
 - Organising collaborative Health Research between the EU and low and middle income countries
 - Negotiation and management of major contracts for international health research
 - Correspondent for the WHO on health systems and reproductive health
 - Consultation with other EU Directorates General, e.g. Health and Development, in the context of policy coherence and intersectoral collaboration

- Jan. 2001-2004 **Senior Lecturer (*Privatdozent*) in Public Health at the Department of Tropical Hygiene and Public Health, University of Heidelberg**
- Head of the research unit on reproductive health and health systems since 2003
 - Award of a senior lectureship (*Habilitation*) 2001
- Research areas:**
- Health systems research on sustainable improvement of maternity care
 - Effectiveness and use of obstetric ultrasound
 - Development of indicators for reproductive health (EC Community Health Monitoring Programme)
 - Antenatal and obstetric referral
 - Community perceptions of problems in pregnancy and child birth
 - Service and user costs in maternity care
 - Improving service-based and home-based malaria management
 - Infectious disease control (malaria, meningitis)
- since Nov. 1995 **Postdoctoral Research Fellow and Leader of a Research Group at the Department of Tropical Hygiene and Public Health, University of Heidelberg comparing Health Systems for care in pregnancy and child birth**
- 1992- 1995 **Lecturer and Course Convenor for the postgraduate MSc. Course in Community Health, University of Heidelberg**
- Head of the department's Consultancy Unit "EVAPlan"**
- 1988-1991 **Senior house officer, Municipal Women's Hospital in Wiesbaden, Germany**
- Certified specialisation in Obstetrics and Gynaecology in 1991;
studies on the effectiveness of prenatal care in Germany
- 1984-1988 **Medical Officer at the District Hospital Nachingwea, Tanzania**
- Main responsibilities included: labour ward, paediatric ward, female surgery and gynaecology, community based health care, teaching of midwives
- 1982-1984 **House Officer in Obstetrics, Gynaecology and Surgery at the District Hospital Sinsheim, Germany**
- 1980-1982 **Research Fellow at the Institute of Tropical Hygiene and Public Health, University of Heidelberg and research associate with the Ministry of Health, Kenya**
- Sero-epidemiological field research on Visceral Leishmaniasis in Kenya, Baringo District in collaboration with the Kenyan Ministry of Health and its division on vector-borne diseases; doctoral thesis (mark: magna cum laude)

Selected International Working Experience since 2000:

- Coordinator of the EU-funded MAMOP on home based childhood malaria management, including research teams from Tanzania and Burkina Faso (2001-2005)
- Advisor to the Unmet Obstetric Need Network (since 2000)
- External Examiner for the Masters in International Health of the TropEdEurope Programme (since 2002)
- Member of the Steering Committee of the REPROSTAT Project, which focuses on the development of reproductive health indicators for the European Union 2001-2005
- Observer in the Policy Coordination Committee of the Reproductive Health and Research Programme of WHO (2005 - 2010)
- Review of the national guidelines for prenatal Care in Germany for the Institute for Quality and efficiency in health care and German Federal Ministry of Health (IQWiG), Bonn (2007)
- EU Delegate at the World Health Assembly (2010)
- Partner of the German – Latin American Humboldt Collaboration (since 2011)
- Member of the WHO Consultative Expert Working Group on Research and Development (CEWG) (since 2011)
- German Delegate at the International Meeting on Monitoring and Implementation of the International Conference on Population and Development (ICPD) Beyond 2014 in Taicang, China 2013
